Application for Zone Change ZN 1-24-13 – 1000001149 Ontario Inc.

REPORT HIGHLIGHTS

- The applicant proposes to rezone a portion of the subject lands from 'General Agricultural Zone (A2)' to 'Aggregate Industrial Zone (ME)' to facilitate the establishment of licensed sand and gravel pit (below water table).
- The proposed pit will share an existing haul road with the existing licensed gravel pit to the immediate west, known as the Gofton Pit.
- The site plans required through the Aggregate Resources Act (ARA) approval process were revised by the applicant in response to agency comments. The Ministry of Natural Resources and Forestry (MNR) has since indicated that their comments have been resolved.
- Planning staff recommend approval-in-principle of the subject zone change it is consistent with the Provincial Policy Statement and maintains the intent and purpose of the Official Plan with respect to aggregate pit operations.

DISCUSSION

Background

APPLICANT/OWNER: 1000001149 Ontario Inc.
895474 Oxford Road 3, RR 3, Bright, ON N0J 1B0

AGENT: Ron Davidson Land Use Planning Consultant Inc.
265 Beattie Street, Owen Sound, ON N4K 6X2

LOCATION:

The subject lands are described as Part Lot 12, Concession 11 (Blenheim), Township of Blandford-Blenheim. The lands are located on the south side of Township Road 12, lying between Oxford Road 3 and Blenheim Road. The lands are currently municipally addressed as 907110 Township Road 12.

COUNTY OF OXFORD OFFICIAL PLAN:

Schedule "B-1"	Township of Blandford-Blenheim Land Use Plan	'Open Space and Agricultural Reserve'
Schedule "C-1"	County of Oxford Environmental Features Plan	'Significant Valleylands'
Schedule "C-2"	County of Oxford Development Constraints Plan	'Erosion Hazard Lands'

TOWNSHIP OF BLANDFORD-BLENHEIM ZONING BY-LAW 1360-2002:

Existing Zoning:	General Agricultural Zone (A2)
Requested Zoning:	Aggregate Industrial Zone (ME) General Agricultural Zone (A2)

PROPOSAL:

The application for zone change proposes to rezone a portion of the subject lands from 'General Agricultural Zone (A2)' to 'Aggregate Industrial Zone (ME)' to facilitate the establishment of a licensed sand and gravel pit. The subject lands comprise of approximately 30.5 ha (75.4 ac) of agricultural land, currently cropland, and natural heritage features but is vacant of any buildings or structures.

The applicant has applied to the Ministry of Natural Resources and Forestry (MNRF) under the Aggregate Resources Act for a Class "A" Pit Below Water licence. The maximum annual tonnage limit is 300,000 tonnes, and extraction is proposed to occur sequentially in phases as shown on the site plans. The applicant has advised that the expected lifespan on the extended pit is 10-15 years.

In support of the proposed zone change and aggregate licence applications, the following documents were submitted:

- Summary Report by Harrington McAvan Ltd.
- Hydrogeologic Assessment by Groundwater Science Corp.
- Natural Environment Report and Environmental Impact Study by Dance Environmental Inc.
- Archaeological Assessment (Stage 1 and 2) by Timmins Martelle Heritage Consultants Inc.
- Noise Impact Assessment Report by Howe Gastmeier Chapnik Ltd.
- Planning Justification Report by Ron Davidson Land Use Planning Consultant Inc.
 - Existing Features Plan
 - Operational Plan, Phase A
 - Operational Plan, Phase B-E
 - Sections and Details
 - Rehabilitation Plan

Site preparation, extraction, processing, shipping, and rehabilitation are proposed to only occur during daytime hours (7 am to 7 pm, Monday to Friday and 7 am to 12 pm on Saturdays). The proposed pit will be accessed via Oxford Road 3, sharing the access utilized by the existing

'Gofton Pit' to the immediate west. Trucks leaving the site with aggregate material will exit onto Oxford Road 3 moving north or south. Overall, it is anticipated that the expanded Gofton Pit will generate a peak of 15 one-way trips per hour.

All topsoil and overburden will be stripped in advance of extraction and used in the construction of berms and for progressive rehabilitation of the site. Berms are shown on the Operational Plan and have been designed to meet the specifications recommended in the Noise Impact Study. Progressive rehabilitation of the extracted area will occur as the aggregate operation proceeds across the lands so that each phase is rehabilitated prior to the subsequent phase being extracted. The final rehabilitated site will be restored with appropriate grading, drainage, topsoil and planting and/or pasture. Some of the rehabilitated site will be an open pond, with other areas being established as wetland and cropland. Some imported topsoil will be required to ensure appropriate grades and soil quality after rehabilitation.

The applicant has also submitted a license application under the Aggregate Resources Act to the Ministry of Natural Resources (MNR). The Ministry, by correspondence dated July 12, 2024, has indicated that MNR has reviewed the application package and previous comments have been resolved.

Application Review

2020 Provincial Policy Statement

The 2020 Provincial Policy Statement (PPS) provides policy direction on matters of provincial interest related to land use planning and development. Under Section 3 of Planning Act, where a municipality is exercising its authority affecting a planning matter, such decisions "shall be consistent with" all policy statements issued under the Act.

The policies of Section 2.5 – *Mineral Aggregate Resources* state that these resources shall be protected for long-term use. The policies support maximizing the availability of resources to the market and do not require the development proponent (licensee) to demonstrate market need in support of a proposal for extraction. Such extraction operations are to be undertaken in a manner that minimizes social and environmental impacts. Mineral aggregate operations are to be protected from incompatible development and activities that would hinder their expansion.

Additionally, the policies of Section 2.5.3 – Rehabilitation, require progressive and final rehabilitation of extraction operations to accommodate subsequent land uses, to promote land use compatibility and to recognize the interim nature of the extraction. The PPS (under 2.5.3.2) also encourages 'comprehensive rehabilitation' where there is a concentration of mineral aggregate operations.

Specifically with respect to extraction in Prime Agricultural Areas, outside of a specialty crop area, Section 2.5.4.1, states that where extraction is proposed in prime agricultural areas, such activity is permitted as an interim use provided that the site is rehabilitated back to a condition in which substantially the same areas and same average soil capability for agriculture are restored. Further, in an area outside of a specialty crop area, rehabilitation, as described above, is not required if there is substantial quantity of mineral aggregate resources below the water table warranting extraction, or the depth of the planned extraction in a quarry makes restoration of pre-extraction agricultural capability unfeasible. Further, rehabilitation is not required if other alternatives have been considered are found to be unsuitable and agricultural rehabilitation in remaining areas is maximized.

Official Plan

The subject lands are located within the 'Agricultural Reserve' and 'Open Space' designations in the Land Use Plan for the Township of Blandford-Blenheim, as contained in the Official Plan. The entirety of the proposed aggregate pit would be located in the Agricultural Reserve lands. Within the Agricultural Reserve, a wide range of agricultural uses together with accessory residential uses and farm buildings and structures are permitted. Sand and gravel, oil, gas and gypsum extraction and ancillary uses are also permitted as interim uses in accordance with the policies in Section 3.4 - Resource Extraction Policies.

An amendment to the Zoning By-law will be required for any new or expanding sand or gravel extraction operation. Where a truck traffic and haul route assessment has been completed, the owner/operator of the extraction operation may be required to enter into an agreement with the County and/or Area Municipality that addresses issues including, but not limited to: monitoring truck traffic to and from the operation; maintenance of the roads; and penalties for non-compliance.

According to Section 3.4.1.3.2, the following criteria shall be evaluated when reviewing an application for zone change to permit a new or expanding mineral aggregate operation:

- Demonstration that the proposal is consistent with the principles, strategic initiatives, objectives and policies of the Official Plan.
- Impacts and cumulative impacts have been assessed and found to be acceptable relative to:
 - the transportation system;
 - natural heritage features and areas, and the broader natural heritage system;

- quantity and quality of surface water and groundwater and municipal water supplies;
- agricultural resources and operations;
- residents and the community regarding noise, dust, particulate matter, air quality, traffic, and other social and economic impacts; and,
- cultural heritage resources.
- The proposed after-use is compatible with existing and proposed land uses in the surrounding area, will provide net environmental gain and is technically feasible, environmentally sound and in compliance with the permitted uses and policies of the underlying land use designation.
- Confirmation from the Ministry of Natural Resources and Forestry (MNRF) that the Ministry has no objections to the licence application, subject to any required amendments to the Official Plan and/or Zoning By-law being approved.
- Confirmation that all the requirements of the Ministry of Environment and Climate Change (MOECC) with respect to noise, vibration, particulate and any other air emissions requirements have been satisfied.
- Confirmation that all the requirements of the MOECC or the Conservation Authority with respect to relevant environmental concerns relating to surface and groundwater quality and quantity have been met.

In considering an application to amend the Zoning By-law to allow any new or expanding mineral aggregate extraction operation, Council will require the submission of the following information:

- All information required to satisfy licence application requirements under the Aggregate Resources Act, including: site plans, existing features plans, operational plans, progressive rehabilitation and final rehabilitation plans and any reports and/or technical studies;
- A comprehensive land use study that assesses the impacts and cumulative impacts, and shall include:
 - Identification of all relevant policies of the PPS and Official Plan and demonstration of consistency with those policies;
 - An assessment of:
 - cumulative traffic impacts, including a haul route assessment;
 - natural heritage features and areas;
 - water resources;
 - agricultural impact;
 - noise and vibration impacts;
 - dust and air quality impacts;
 - cultural heritage resources;
 - visual impacts; and,
 - social and economic impacts.

Section 3.4.1.6, Natural and Cultural Features provides additional policies to conserve and protect the quality of the natural environment and cultural heritage resources in the review of new or expanded pits or quarry operations, including:

- Extraction shall not be permitted within significant wetlands and extraction within fish habitat or habitat of endangered and threatened species shall only be permitted in accordance with provincial and federal requirements.
- Extraction within or adjacent to lands in the County's natural heritage system will be subject to the policies of Section 3.2.6, Environmental Impact Studies.
- The policies of Section 3.2.2.4, Archaeological Sites, apply.
- Extraction on lands identified as an Earth Science ANSI will satisfy Section 3.2.5.2.2.

- The policies of Section 3.2.7.2, Water Resources and Section 3.2.8, Environmental Constraints apply.

Zoning By-law

The subject lands are currently zoned 'General Agricultural Zone (A2)' according to the Township of Blandford-Blenheim Zoning By-law. The 'A2' zone permits a variety of agricultural uses.

The portion of the lands subject to the ARA licence application are proposed to be rezoned 'Aggregate Industrial Zone (ME)' to permit the proposed gravel pit.

The 'ME' zone does not include a minimum lot area, frontage or depth, but does require a minimum setback of 30 m (98.4 ft) from any property line for buildings, structures or stockpiles, as well as a 90 m (295.3 ft) setback from any residential or development zone.

Section 2.3 of the Zoning By-Law provides that where a lot is divided into more than one zone, each such portion of the lot shall be considered as a separate lot for the purposes of determining zone provisions of this Zoning By-Law for the applicable zones.

Agency Comments

The Oxford County Public Works Department, the Township Chief Building Official, Grand River Conservation Authority (GRCA), Canada Post, and Southwestern Public Health have indicated they have no concerns with respect to the proposed application.

Public Consultation

Notice of Complete Application and Notice of Public Meeting for the zone change application were provided to the public and surrounding landowners in accordance with the requirements of the Planning Act on July 17th and August 29th, respectively. At the time of writing this report, no comments or concerns had been received from the public. Further, the applicant held a public information session on February 15, 2024. No member of the public attended this information session.

Planning Analysis

The applicant proposes to rezone a portion of the subject lands from 'General Agricultural Zone (A2)' to 'Aggregate Industrial Zone (ME)' to facilitate the establishment of a Class A, below water licensed sand and gravel pit.

The proposal appears to be consistent with the policies of the Provincial Policy Statement (PPS) that speak to mineral extraction within prime agricultural areas. The proposed gravel pit is considered an interim use within the broader agricultural area and the lands will be rehabilitated in accordance with the rehabilitation plan submitted as part of the application and included as Plate 7 in Report No. 2024-294. Given that the planning extraction is below water, and rehabilitation back to an agricultural condition which is substantially the same as pre-extraction is unfeasible, the post-extraction condition will be that of an open pond, wetland features and agricultural lands. This rehabilitated condition, while not substantially the same as the subject lands current site, is in keeping with the policy direction of the PPS. In addition, the proposal has

addressed concerns related to matters to minimize social, economic and environmental impacts as described in the review of Official Plan policies below.

The proposed gravel pit is permitted within the Agricultural Reserve according to the Official Plan. The criteria in Section 3.4.1.3.2 of the Official Plan shall be evaluated when reviewing an application for zone change to permit a new pit operation or ancillary use. The following paragraphs provide a review of how the criteria in the Official Plan have been satisfactorily addressed.

The proposed Gofton Pit expansion is located in a prime agricultural area. The Official Plan recognizes the importance of mineral aggregate resources as essential non-renewable resources that are important to the local and Provincial economy. The wise use and management of aggregate resources should be ensured, while at the same time protecting prime agricultural areas for long-term use. Rehabilitation will be undertaken once extraction is complete (i.e., 'progressive rehabilitation') to minimize the amount of land that is disturbed at any given time and to allow land to take on its future condition, as outlined above, of an open pond, wetland areas, and agricultural land.

The proposed pit will be owned and operated by the same owner/operator (Mar-Co Clay Product Inc.) of the existing Gofton Pit to the immediate west and the operation of the two pits will be coordinated to minimize new impacts from the proposed pit and achieve operational efficiencies. As a result of the coordination of the two pits, no ancillary uses, such as asphalt and concrete batching, are proposed for the expanded Gofton Pit and trucks will travel existing haul routes.

The Noise Study indicates that the requirements of the Ministry of the Environment, Conservation and Parks (MECP) Noise Guidelines can be met provided that measures to mitigate noise impacts are implemented, including construction of acoustical barriers and the processing plant being located on in the southern area of the lands. Assumptions used for the Noise Study included: the proposed phasing of extraction from 'west to east'; the hours of operation; location of pit entrance; and a peak of 15 truck movements per hour; and the use of portable screening equipment. It is identified in the notes of the Operation Plan that water and calcium chloride will be applied to internal haul roads and processing areas as often as required to mitigate dust. With respect to potential visual impacts, the pit will be screened by berms as well as perimeter plantings throughout the site. To date no concerns have been expressed by neighbouring residents and the community.

With respect to cultural heritage resources, a Stage 1 & 2 Archaeological Assessment was undertaken and resulted in the discovery of four archaeological sites. All necessary sites were fully investigated and documented to the extent required under the Standards and Guidelines for Consultant Archaeologists (MTC 2011) and the site is now considered free of archaeological concern.

Once extraction is complete and the site has been rehabilitated in accordance with the approved ARA site plans and the license has been surrendered, the entirety of the lands should revert back to the A2 agricultural zoning.

Planning staff is of the opinion that the proposal is consistent with the principles, strategic initiatives, objectives and policies of the Official Plan. The impacts and cumulative impacts have been assessed and found to be acceptable and the proposed after use is compatible with existing and proposed land uses in the surrounding area, is technically feasible, environmentally sound, and is in compliance with the permitted uses and policies of the underlying land use designation.

In light of the foregoing, Planning staff are satisfied that the proposal is consistent with the policies of the PPS and the County Official Plan and can be supported from a planning perspective. The implementing by-law and associated mapping will be brought forward to Council once finalized.

RECOMMENDATIONS

It is recommended that the Council of the Township of Blandford-Blenheim approve-in-principle the zone change application submitted by 100001149 Ontario Inc. whereby a portion of the lands described as Part Lot 12, Concession 11 (Blenheim), Township of Blandford-Blenheim are to be rezoned from 'General Agricultural Zone (A2)' to 'Aggregate Industrial Zone (ME)' to permit a new Class 'A' below water aggregate operation.

OPERATIONS NOTES

- GENERAL INFORMATION**
- THIS PLAN DEPICTS A SCHEMATIC OPERATIONS AND REHABILITATION SEQUENCE FOR THIS PROPERTY BASED ON THE BEST INFORMATION AVAILABLE AT THE TIME OF PREPARATION. PHASES DO NOT REPRESENT ANY SPECIFIC OR EQUAL TIME PERIOD. EXTRACTION SHALL FOLLOW THE SEQUENCE SHOWN. WHEN PARTIAL REHABILITATION OF A PHASE IS POSSIBLE IT SHALL BE CARRIED OUT.
 - REFER TO DRAWING 1 OF 5, EXISTING FEATURES, FOR A DESCRIPTION OF EXISTING VEGETATION AND BUILDINGS WITHIN THE 120 METRE BOUNDARY AND ON SITE.
 - SITE PLAN VARIANCES ARE LISTED IN THE SITE PLAN VARIANCE TABLE SHOWN ON THIS PAGE.
- EXTRACTION/PROCESSING/Hauling INFORMATION**
- TOTAL AREA TO BE EXTRACTED IS 12.9 HECTARES.
 - MAXIMUM NUMBER OF TONNES OF AGGREGATE TO BE REMOVED FROM THE SITE IN ANY CALENDAR YEAR IS 300,000 TONNES COMBINED WITH THE TONNAGE FROM ADJACENT LICENCE 11929.
 - EXTRACTION OF SAND AND GRAVEL ABOVE WATER TABLE WILL TAKE PLACE IN THREE BENCHES, WITH A MAXIMUM HEIGHT OF + 8 METRES. THE GROUNDWATER TABLE IS ESTIMATED TO BE BETWEEN 295.9 AND 306.1m ASL. THERE WILL BE ONE LIFT BELOW THE WATER TABLE TO A DEPTH OF 294 m ASL TO BE EXTRACTED BY EXCAVATOR OR BACKHOE. BELOW WATER RESOURCE SHALL BE EXCAVATED PRIOR TO REHABILITATION OF SIDE SLOPES TO MAXIMIZE RESOURCE RECOVERY. FRONT END LOADERS WILL BE USED TO EXTRACT MATERIAL AND HAUL TRUCKS OR CONVEYORS WILL CARRY MATERIAL TO THE PLANT FOR FURTHER PROCESSING. REFER TO SECTIONS A-A', B-B', AND C-C' ON DRAWING 4 OF 5 FOR FURTHER DETAILS.
 - DUE TO THE VARIABLE NATURE OF THE GRANULAR DEPOSIT CONTAINED IN THIS PROPERTY AND TO PROVIDE THE NECESSARY RANGE OF MATERIALS TO MEET SPECIFICATIONS, MORE THAN ONE ACTIVE FACE MAY BE REQUIRED.
 - PORTABLE PROCESSING EQUIPMENT, FOR CRUSHING, SCREENING AND WASHING WILL BE USED ON SITE AND WILL BE LOCATED ON THE PIT FLOOR AT START UP. IN ADDITION TO PROCESSING, SITE ACTIVITIES WILL INCLUDE STRIPPING AND REHABILITATION. OPERATIONAL EQUIPMENT MAY INCLUDE TRUCKS, LOADERS, EXCAVATOR, DRAGLINE, BACKHOES, BULLDOZERS, SCRAPERS, CONVEYORS AND OTHER RELATED EQUIPMENT. PROCESSING EQUIPMENT, STACKERS AND PRODUCT STOCKPILES WILL NOT EXCEED ±15 METRES IN HEIGHT AND WILL BE LOCATED CLOSE TO PIT FACES.
 - MATERIAL FROM OTHER PROPERTIES MAY BE IMPORTED INTO THE SITE FOR BLENDING, CUSTOM PRODUCTS AND/OR RESALE. THIS MAY INCLUDE AGGREGATE SUCH AS SAND, SHALE, ETC.
 - PORTABLE TRAILERS MAY BE LOCATED ON SITE AND HAUL ROADS SHALL BE ESTABLISHED AS REQUIRED. TEMPORARY TRAILERS AND HAUL ROADS SHALL BE REMOVED UPON COMPLETION OF EXTRACTION.
 - EQUIPMENT, SCRAP AND MACHINERY ASSOCIATED WITH THE EXTRACTION OPERATIONS WILL BE REMOVED UPON COMPLETION OF EXTRACTION.
- AGGREGATE RECYCLING**
- THERE MAY BE RECYCLING OF MATERIAL (BRICKS AND CONCRETE) ON THIS SITE. MATERIAL IMPORTED FOR RECYCLING WILL BE STORED IN SEGREGATED STOCKPILES WITHIN THE AGGREGATE STOCKPILING AND PROCESSING AREA. ANY REBAR AND OTHER STRUCTURAL METAL MUST BE REMOVED FROM THE RECYCLED MATERIAL DURING PROCESSING AND PLACED IN A DESIGNATED SCRAP PILE ON SITE WHICH WILL BE REMOVED ON AN ON-GOING BASIS. REMOVAL OF RECYCLED AGGREGATE IS TO BE ONGOING. ONCE THE AGGREGATE ON SITE HAS BEEN DEPLETED THERE WILL BE NO FURTHER IMPORTATION OF RECYCLABLE MATERIALS PERMITTED. ONCE FINAL REHABILITATION HAS BEEN COMPLETED AND APPROVED IN ACCORDANCE WITH THE SITE PLAN, ALL RECYCLING OPERATIONS MUST CEASE.
- HYDROGEOLOGICAL INFORMATION**
- THE WATER TABLE ELEVATION VARIES ACROSS THIS LICENCE FROM 295.9 - 306.1m ABOVE SEA LEVEL (A.S.L.). REFER TO SECTIONS ON SHEET 4 OF 5.
 - SURFACE DRAINAGE WILL BE DIRECTED TO THE POND AND/OR LOW AREAS FOR WATER TO INFILTRATE INTO THE GRANULAR MATERIALS ON THE PIT FLOOR. THERE WILL BE NO OFF-SITE DITCHING/ DISCHARGE.
- NOISE MITIGATION INFORMATION**
- HOURS OF OPERATION:
 SITE PREPARATION AND REHABILITATION: 07:00-19:00 WEEKDAYS, 07:00 - NOON SATURDAYS
 EXTRACTION AND PROCESSING: 07:00-19:00 WEEKDAYS, 07:00 - NOON SATURDAYS
 SHIPPING: 07:00-19:00 WEEKDAYS, 07:00 - NOON SATURDAYS
- AIR QUALITY INFORMATION**
- WATER OR CALCIUM CHLORIDE WILL BE APPLIED TO INTERNAL HAUL ROADS AND PROCESSING AREAS AS OFTEN AS REQUIRED TO MITIGATE DUST.
- SITE MANAGEMENT INFORMATION**
- MAINTENANCE/ PROTECTION OF VEGETATION INFORMATION**
- EXISTING VEGETATION WITHIN THE LICENCED AREA SHALL BE MAINTAINED IN A HEALTHY VIGOROUS GROWING CONDITION UNTIL SEQUENTIAL STRIPPING BEGINS OR UNTIL THE REHABILITATION IS COMPLETE. ANY VEGETATION PLANTED AS PART OF SITE IMPROVEMENTS OR PROGRESSIVE AND FINAL REHABILITATION WILL ALSO BE MAINTAINED IN A HEALTHY, VIGOROUS GROWING CONDITION.
- FENCING INFORMATION**
- BOUNDARIES OF THE AREA TO BE LICENCED THAT ARE PRESENTLY FENCED ARE SHOWN ON DRAWING 1 OF 5 EXISTING FEATURES. PRIOR TO ANY STRIPPING OR PREPARATION, FENCING ON THE LICENCED BOUNDARIES WILL BE UPGRADED TO 1.2m HIGH POST AND WIRE TO COMPLY WITH THE AGGREGATE RESOURCES ACT WHERE REQUIRED.
 - HIGHLY VISIBLE MARKER POSTS SHALL BE INSTALLED AT INTER-VISIBLE DISTANCES ALONG UNFENCED BOUNDARIES AND SHALL BE MAINTAINED.
 - SILT FENCE SHALL BE INSTALLED WHEN OPERATIONS ARE WITHIN 50M OF THE NATURAL FEATURES AND ALONG THE EAST BOUNDARY, 5m FROM THE DRIP LINE PRIOR TO BERM CONSTRUCTION.
- TOPSOIL/SUBSOIL/OVERBURDEN STORAGE INFORMATION**
- TOPSOIL AND OVERBURDEN SHALL BE STRIPPED AND STORED SEPARATELY IN BERMS WHERE SHOWN AND STOCKPILES ON PIT FLOOR CLOSE TO EXTRACTION FACE.
- BERM INFORMATION**
- ACOUSTIC BERM SHALL BE CONSTRUCTED AS SPECIFIED IN THE HGC NOISE ASSESSMENT TECHNICAL RECOMMENDATIONS (SEE PAGE 3 OF 5). STORAGE BERMS SHALL BE CONSTRUCTED AS REQUIRED. BERMS SHALL NOT EXCEED 2:1. REFER TO TYPICAL BERM CROSS SECTION ON DRAWING 4 OF 5 DETAILS AND SECTIONS. ALL BERMS SHALL BE SEEDED (USING GRASS/ LEGUME MIXTURE, SEE REHABILITATION PLAN, NOTE #7) IMMEDIATELY UPON COMPLETION TO MINIMIZE NOISE, DUST AND EROSION.
- ON COMPLETION OF THE BERMS, EXCESS ON SITE OVERBURDEN WILL BE USED TO PROGRESSIVELY BACKFILL AND REHABILITATE THE SITE. TOPSOIL CAN BE TEMPORARILY STOCKPILED ON THE PIT FLOOR.**
- SCRAP STORAGE INFORMATION**
- ALL SCRAP AND USED MACHINERY GENERATED THROUGH THE OPERATIONS WITHIN THIS LICENCE SHALL BE DISPOSED OF ON AN ONGOING BASIS. UPON COMPLETION OF EXTRACTION, ALL SCRAP EQUIPMENT AND USED MACHINERY SHALL BE REMOVED.
- PETROLEUM STORAGE INFORMATION**
- ALL SPILLS TO THE ENVIRONMENT MUST BE REPORTED TO THE SPILLS ACTION CENTRE OF MECP. ANY SPILL SHALL BE REMOVED AND DISPOSED OF AT AN APPROPRIATE MECP APPROVED FACILITY. REFUELING OF MOBILE EQUIPMENT SHALL OCCUR OFF-SITE. FUEL SHALL BE STORED OFF-SITE.
- TREE/STUMP REMOVAL**
- STUMPS/ WOODY MATERIAL AND TREES MAY BE STORED IN THE RECYCLING AREA. THEY MAY BE SOLD FOR LUMBER/FIREWOOD OR BEST USE. THEY MAY BE CHIPPED AND USED FOR SOIL ENHANCEMENT OR FOR BELOW WATERSHORELINE ENHANCEMENT AND WILDLIFE HABITAT REHABILITATION.

PHASE A

- PHASE A NOTES**
- PRIOR TO ANY ON SITE OPERATIONS, CONSTRUCT OR UPGRADE THE FENCING ON THE PERIMETER TO THE STANDARDS OF THE AGGREGATE RESOURCES ACT (1.2m HIGH POST AND WIRE FENCE) TO RESTRICT ACCESS AND INSTALL MARKER POSTS WHERE SITE PLAN VARIANCES ARE NOTED.
 INSTALL BAT BOXES PER TECHNICAL RECOMMENDATIONS (PAGE 3 OF 5) AND PLANT TREE SCREENS (NOTE 8, PAGE 5 OF 5) AND DRIFLINE SETBACK (NOTE 9, PAGE 6 OF 5). TREES SCREENS SHALL BE MONITORED PER NETR NOTE 12, PAGE 3 OF 6, AND AND TREES PLANTED WITHIN THE DRIFLINE SETBACK SHALL BE REPLACED AS REQUIRED.
 - CONSTRUCT THE HAUL ROAD THROUGH AREA 1 AND USE STRIPPED MATERIAL TO BEGIN CONSTRUCTION OF ACOUSTIC BERM.
 - PREPARE THE SITE WITHIN AREA 1 BY REMOVING EXISTING TREES AND SCRUB VEGETATION.
 - PRIOR TO EXTRACTION IN AREA 1, STRIP TOPSOIL AND OVERBURDEN SEPARATELY AND USE TO CONSTRUCT ACOUSTIC BERM.
 - BEGIN ABOVE WATER EXTRACTION OF AREA 1 IN DIRECTION SHOWN. PORTABLE PROCESSING PLANT AND STOCKPILING AREA MAY BE TEMPORARILY LOCATED NEAR THE PIT FACE.
 - UNDISTURBED PORTIONS OF AREAS 1 AND 2 REMAIN IN AGRICULTURAL USE.

PHASE B
PHASE B NOTES

1. COMPLETE ABOVE WATER EXTRACTION IN AREA 1.
2. PRIOR TO EXTRACTION IN AREA 2, STRIP TOPSOIL AND OVERBURDEN SEPARATELY AND STORE IN BERMS AS SHOWN. EXCESS MATERIAL MAY BE STOCKPILED ON PIT FLOOR.
3. BEGIN ABOVE WATER EXTRACTION IN AREA 2 IN DIRECTION SHOWN.

PHASE C
PHASE C NOTES

1. BEGIN PROGRESSIVE REHABILITATION OF SIDE SLOPES AND PIT FLOOR IN SOUTH END OF AREA 1 AND 2. 50% OF AREA 2 SHALL BE REHABILITATED PRIOR TO BELOW WATER EXTRACTION COMMENCING IN AREA 1.
2. COMPLETE ABOVE WATER EXTRACTION IN AREA 2.
3. BEGIN BELOW WATER EXTRACTION OF AREA 1 IN DIRECTION SHOWN. MATERIAL EXTRACTED FROM BELOW WATER WILL BE PLACED IN WINDROWS ON THE PIT FLOOR TO DRAIN BEFORE BEING TRANSPORTED TO TEMPORARY PLANT SITE (NOT SHOWN, PORTABLE PROCESSING EQUIPMENT TO BE USED) FOR PROCESSING.

3. REHABILITATION WILL BE TO POND AND NATURAL AREAS.

TECHNICAL RECOMMENDATIONS

THE FOLLOWING ARE THE TECHNICAL RECOMMENDATIONS FROM ALL OF THE EXPERTS' REPORTS AS OF NOVEMBER 2023. ADDITIONAL RECOMMENDATIONS MAY BE INCLUDED AS A RESULT OF THE LICENCE REVIEW PROCESS.

ARCHAEOLOGICAL ASSESSMENT - TMHC, MAY 18, 2022
 SHOULD PREVIOUSLY UNDOCUMENTED (I.E. UNKNOWN OR DEEPLY BURIED) ARCHAEOLOGICAL RESOURCES BE DISCOVERED, THEY MAY BE A NEW ARCHAEOLOGICAL SITE AND THEREFORE SUBJECT TO SECTION 48(1) OF THE ONTARIO HERITAGE ACT. THE PROPONENT OR PERSON DISCOVERING THE ARCHAEOLOGICAL RESOURCES MUST CEASE ALTERATION OF THE SITE IMMEDIATELY AND ENGAGE A LICENSED CONSULTANT ARCHAELOGIST TO CARRY OUT ARCHAELOGICAL FIELDWORK, IN COMPLIANCE WITH SECTION 48(1) OF THE ONTARIO HERITAGE ACT.

THE FUNERAL, BURIAL AND CREMATION SERVICES ACT, 2002, S.O. 2002, C.33 REQUIRES THAT ANY PERSON DISCOVERING HUMAN REMAINS MUST NOTIFY THE POLICE OR CORONER AND A REGISTRAR OF BURIAL SITES, ONTARIO MINISTRY OF GOVERNMENT AND CONSUMER SERVICES.

HYDROGEOLOGICAL ASSESSMENT - GROUNDWATER SCIENCE CORP., OCTOBER 2023, UPDATED PER COMMENTS MARCH 2024
 WHERE THE MINISTRY OF NATURAL RESOURCES AND FORESTRY WITH THE ASSISTANCE OF THE MINISTRY OF THE ENVIRONMENT CONSERVATION AND PARKS, ACCORDING TO EXISTING WATER WELL INTERFERENCE COMPLAINT PROTOCOLS, HAS DETERMINED THAT THE OPERATION OF THE PIT HAS CAUSED ANY WELL WATER TO BE ADVERSELY AFFECTED, THE LICENSEE SHALL, AT THE LICENSEE'S EXPENSE, EITHER DEEPEN THE WELL OR REPLACE THE WELL TO ENSURE THAT HISTORIC WATER PRODUCTION QUALITY STANDARDS ARE MAINTAINED FOR THAT WELL. IF THIS PIT OPERATION HAS CAUSED A WATER SUPPLY PROBLEM, THE LICENSEE SHALL, AT THEIR EXPENSE, ENSURE A CONTINUOUS SUPPLY OF POTABLE WATER TO THE AFFECTED LANDOWNER.

IN ORDER TO CONFIRM WATER TABLE ELEVATIONS AT THE SITE, THE FOLLOWING MONITORING PROGRAM IS RECOMMENDED:

1. AFTER LICENCE APPROVAL AND BEFORE EXCAVATION ACTIVITIES WITHIN THE GOFTON PIT THE OPERATOR SHALL INSTALL A NEW WATER TABLE MONITORING WELL (MW3) AT THE NORTHWEST CORNER OF THE GOFTON PIT SITE. THE WELL SCREEN OF THE NEW WATER TABLE MONITOR SHALL EXTEND FROM 298 TO 301 MASL. A MINIMUM OF TWO WATER LEVEL MEASUREMENTS SHALL BE OBTAINED ON DIFFERENT DAYS PRIOR TO EXTRACTION ACTIVITIES.
2. WATER LEVEL MEASUREMENTS SHALL BE OBTAINED ON A QUARTERLY (SEASONAL) BASIS AT MW1, MW2, MW3, BH101 (UNTIL DESTROYED) AND BH103, AS ACCESSIBLE.
3. THE MONITORING WELLS SHALL BE MAINTAINED OVER THE OPERATIONAL LIFE OF THE PIT, AND WITH THE EXCEPTION OF BH101 SHALL BE REPAIRED OR REPLACED IN ACCORDANCE WITH MECFP REGULATIONS IF DAMAGED OR DESTROYED.
4. THE MONITORING RESULTS SHALL BE SUMMARIZED ANNUALLY BY THE OPERATOR AND MADE AVAILABLE TO MNRF AND MECFP UPON REQUEST.

ACOUSTIC REPORT - HGC ENGINEERING - JUNE 30, 2023

1. THE FOLLOWING TABLE PRESENTS THE REFERENCED SOUND LEVELS USED FOR THE ACOUSTIC MODELING PRESENTED HEREIN. THESE SOUND LEVELS WERE BASED ON SITE MEASUREMENTS OF PROCESSING EQUIPMENT CURRENTLY IN USE IN THE ADJACENT PIT AND TO BE USED IN THIS PIT AND ADDITIONAL INFORMATION TAKEN FROM OUR FILES FOR OTHER SIMILAR FACILITIES.

EQUIPMENT	REFERENCE SOUND PRESSURE LEVEL AT 30m
CRUSHING AND SCREENING PLANT AND ASSOCIATED LOADER COMBINED	114 dBA (72 dBA, SPL AT 50m)
EXCAVATOR	108 dBA (66 dBA, SPL AT 50m)
ADDITIONAL LOADER	104 dBA (62 dBA, SPL AT 50m)

IF OTHER EQUIPMENT IS PROPOSED FOR OPERATION IN THE GOFTON PIT, IT SHALL BE CONFIRMED THROUGH MEASUREMENT TO PRODUCE SOUND LEVELS CONSISTENT WITH THE ABOVE REFERENCED SOUND LEVELS OR ADDITIONAL MITIGATION MEASURES MAY BE REQUIRED.

2. THE PROCESSING (CRUSHING AND SCREENING) PLANT SHALL BE LOCATED IN THE SOUTHERN AREA OF AREA 1 ONLY AS INDICATED IN THE OPERATIONAL PLAN.
3. A MINIMUM OF 7 m HIGH ACOUSTICAL BARRIERS SHALL BE CONSTRUCTED ON THE PIT FLOOR BESIDE THE PROCESSING (CRUSHING AND SCREENING) PLANT IN THE DIRECTION OF R1.
4. PRIOR TO EXTRACTION IN AREA 1, A 6 m HIGH ACOUSTICAL BARRIER ABOVE EXISTING GRADE SHALL BE CONSTRUCTED AT THE NORTHERN SECTION OF THE WESTERN BOUNDARY OF AREA 1, APPROXIMATELY 120 m IN LENGTH, NEAR R1.
5. THE PROCESSING PLANT SHALL NOT OPERATE SIMULTANEOUSLY IN THE DESIGNATED AREA WHEN THE EXCAVATOR IS OPERATING WITHIN 200 m OF R1 OR A QUIETER EXCAVATOR SHALL BE USED.
6. ACTIVITIES USED TO PREPARE THE SITE FOR EXCAVATION, SUCH AS THE STRIPPING OF TOPSOIL AND CONSTRUCTION OF BERMS, OR ACTIVITIES RELATED TO THE REMEDIATION OF THE SITE AFTER THE EXTRACTION IS COMPLETED ARE CONSIDERED TO BE CONSTRUCTION ACTIVITIES. THEY ARE REGULATED UNDER MUNICIPAL BYLAWS AND NPC-115 SOUND LEVEL LIMITS FOR MOTORIZED CONSTRUCTION EQUIPMENT.
7. ANY PROPOSED CHANGES TO THE ASPECTS OF THE EXTRACTION, PROCESSING AND SHIPPING OPERATIONS DEALT WITH ABOVE AS RELATING TO NOISE CONTROL SHALL BE REVIEWED BY A QUALIFIED ACOUSTICAL CONSULTANT FOR COMPLIANCE WITH THE RELEVANT NOISE CRITERIA.

NATURAL ENVIRONMENT REPORT - DANCE ENVIRONMENTAL INC., SEPTEMBER, 2023

1. PRIOR TO TOPSOIL REMOVAL, SILT FENCE SHALL BE PLACED 10m FROM THE DRIPLINE OF THE WOODLAND PRESENT TO THE SOUTH OF THE PROPOSED EXTRACTION AREA AND AT THE OUTER LIMIT OF THE 15m WIDE EASTERN SETBACK.

2. THE SILT FENCE SHALL BE INSPECTED AT WEEKLY INTERVALS AND SHOULD BE REPAIRED AS SOON AS IS PRACTICAL, AS NEEDED, UNTIL SUCH TIME AS THE GROUND COVER VEGETATION IS ESTABLISHED.
3. EXTRACTION SHALL OCCUR NO CLOSER THAN 10m FROM THE NORTHERN DRIPLINE OF THE SIGNIFICANT WOODLAND.
4. THE LIMITS OF EXTRACTION SHALL BE FENCED WITH POST AND WIRE FENCING OR OTHER POSTS, TO PREVENT EQUIPMENT FROM IMPACTING THE SIGNIFICANT NATURAL FEATURES; AS WELL AS, ANY POTENTIAL IMPACT TO SAR BATS;
5. CLEARING OF ANY VEGETATION WITHIN THE LIMIT OF EXTRACTION SHALL OCCUR BETWEEN OCTOBER 1 AND MARCH 31 TO PREVENT ANY DESTRUCTION OF BIRDS, EGGS OR NESTS, AS WELL AS, ANY POTENTIAL IMPACT TO SAR BATS;
6. THE SOUTHERN AND EASTERN SETBACKS SHALL BE LEFT UNDISTURBED AND UNGRADED AND SHALL BE LEFT TO NATURALIZE EXCEPT WHERE MITIGATION PLANTINGS OF NATIVE TREES AND SHRUBS WILL OCCUR;
7. ANY NOISE OR SCREENING BERMS SHALL BE SEEDED WITH A SUITABLE GRASS-LEGUME MIX AND NATIVE TREE SPECIES COULD ALSO BE PLANTED;
8. EFFECTIVE DUST CONTROL SHALL BE MAINTAINED ALONG THE ACCESS ROAD AND IN THE PIT SO THAT DUST DOES NOT IMPACT ADJACENT VEGETATION AND WILDLIFE;
9. EQUIPMENT FUELING, MAINTENANCE AND FUEL STORAGE SHALL BE LOCATED ON THE PORTION OF THE SITE RECOMMENDED BY THE HYDROGEOLOGIST, AWAY FROM THE WOODLAND FEATURE;
10. PRIOR TO EXTRACTION, TWO BAT BOXES SHALL BE ERECTED ON WOODEN POSTS IN THE 15m BUFFER ALONG THE EASTERN LICENCE BOUNDARY.
11. THE PROPOSED STORAGE BERM SHOWN LOCATED IN THE SOUTHEASTERN CORNER OF THE EASTERN 15m BUFFER, SHALL NOT EXTEND SOUTH INTO THE SETBACK FROM THE SIGNIFICANT WOODLAND;
12. ECOLOGICAL MONITORING SHALL BE CONCENTRATED ON ENSURING THAT THE ENHANCEMENT MEASURES PROPOSED IN THE SETBACKS OF THE NORTH AND EAST LICENCE EDGES ARE SUCCESSFUL. THIS IS FOCUSED ON THE TREE PLANTING IN THE NORTH AND EAST SETBACKS OF THE LICENCE AREA WITH ECOLOGICAL MONITORING RECOMMENDED AS FOLLOWS:
 - a) THE PLANTING AREAS WILL BE MONITORED FOR THE FIRST 3 YEARS AFTER THE ENHANCEMENT AREA HAS BEEN PLANTED;
 - b) INSPECTION OF THE PLANTING AREAS WILL BE UNDERTAKEN ONCE IN JULY/AUGUST AND WILL INCLUDE:
 - IDENTIFYING ANY DEAD/FAILING TREES OR SHRUBS AND MAPPING THEIR LOCATIONS;
 - THE SPECIES AND NUMBERS OF TREES OR SHRUBS THAT NEED TO BE REPLACED AND THE LOCATIONS;
 - c) AT THE SAME TIME AS THE MONITORING OF THE TREE PLANTINGS OCCURS, THE TWO BAT BOXES WILL BE CHECKED TO ENSURE THE STRUCTURES ARE STILL STANDING, AND FOR ANY SIGNS OF USE BY BATS. IF THE BAT BOXES ARE DAMAGED OR ANY ISSUES WITH THE POSTS ON WHICH THEY ARE PLACED ARE FOUND, RECOMMENDATIONS TO THE PIT OPERATOR WILL BE MADE ON HOW TO REPAIR THE ISSUE;
13. IF BANK SWALLOWS BEGIN TO NEST IN THE NEW PIT MARGINS, PERTINENT REGULATORY REQUIREMENTS IN EFFECT AT THE TIME SHOULD BE FOLLOWED TO AVOID IMPACTS ON THIS SPECIES; AND

POWER OF COMMUNITY

Every day at Oxford Community Foundation, we witness the power of coming together to build community. Earlier this summer, more than 65 people joined us at our annual community event, where stories of the remarkable impact made possible by you in 2023 was shared. Last year, the Foundation granted \$546,524 to 40 community partners and 18 students. \$128,404 was granted from OCF managed funds and \$418,120 from outside partnerships. The enclosed 2023 Impact Report provides stories of these grants. They showcase how your contributions, in its many forms, have strengthened our community.

Celebrating 20 years of serving our community, we remain focused on the future, committed to helping even more people create personalized legacies that will **make Oxford a better place** for everyone. Our ambitious goal is to reach \$10 million in community assets and to grant \$500,000 annually by the end of 2029. On page 2, we introduce two of our newest fundholders. For the Farr and McKay families, giving

back to Oxford County—a place that holds deep significance for them—is their way of making a meaningful impact on the lives of others.

As we look to the future, we strive to better serve and support our community. Through years of experience working in the community, we've seen firsthand how our local charities receiving grants benefit everyone through educational, recreational, healthcare, and livelihood programs. It's also clear that the demand for community grants generated by generous donors continues to grow.

With increased need, we also recognize the importance of enhancing our operational efficiency and effectiveness. To address this, we are implementing a new integrated systems platform that will streamline many aspects of our operations, including significantly improving the grant process for charities, and improving financial and fundholder reporting. This system will enable us to continue growing without increasing staff costs. However, this one-time implementation and subscription costs for 2024 and 2025 exceed \$21,000. Your support for this vital project would be greatly appreciated. Please use the "Donate" button available on website

Wayne McKay Youth Leadership Development Fund

Surrounded by love and much sadness, Wayne McKay passed away on January 21, 2024, at the age of 68. Wayne was the son of a Western Ontario breeder and a Huron Park Secondary School graduate. As a youth, he embraced his Oxford County rural roots and loved all things outdoors, fishing, hunting and canoeing.

Wayne graduated from McMaster University with a Bachelor of Science degree in Civil Engineering. He started his career in Toronto moving to Sarnia in 1994 with his wife Sharon and sons Fraser and Patrick. He loved sharing stories about the various projects he was involved in and had a special fondness for his work on the ski jumps for the 1988 Calgary Olympics.

Above all, Wayne cherished his family. To honor Wayne's memory in his hometown, his wife, Sharon, established a new legacy fund with Oxford Community Foundation. Wayne valued the leadership opportunities he received in his youth, particularly those at Huron Park Secondary School and Algonquin Park Survival Camp. Wayne's legacy will live on through the Wayne McKay Youth Leadership Development Fund.

Bill & Wilma Farr Fund

Wilma Farr & nephew Wayne Bertrand

Bill (deceased 2018) and Wilma Farr were lifelong residents of Oxford County. Although Bill's work as an accountant briefly took them to Ottawa, it wasn't long before they returned to the county they cherished so much.

They enjoyed nature and exploring the beauty of Canada. Their travels weren't just about seeing new places—they were about capturing the essence of each landscape, each moment of beauty, and bringing it back home.

Bill, an accountant by trade, was a man of numbers and precision, but beneath that practical exterior was an artist waiting to emerge. Despite his upbringing as a country boy, he had an innate eye for beauty and detail that could rival any seasoned artist. He picked up a camera, and it quickly became his constant companion. Wherever they went, Bill had his camera slung around his neck, ready to capture the perfect shot. Each photograph was a testament to Bill's artistic talent and their shared love for nature.

Inspired by Bill and Wilma's deep love for nature and connection to Oxford County, Wilma recently established the Bill & Wilma Farr Fund. This fund will provide grants to support environmental initiatives, ensuring their legacy and passion for preserving the natural world continues to make an impact.

OCF IMPACT

2023 ANNUAL REPORT

Looking Forward...Giving Back!

LEADERSHIP MESSAGE

We celebrated a remarkable milestone in 2023. Twenty years ago, the relentless dedication of a group of community-minded individuals paid off and Oxford Community Foundation achieved charitable status.

We thank and honour the Foundation's passionate and determined founder Pat Smith as well as its first board of directors pictured here.

Since its humble beginnings, the Foundation has disbursed almost \$2 million in grants to over 115 charitable organizations, fostering lasting change and providing essential support to those in need within our beloved Oxford County. None of this would have been possible without the incredible support from you, our donors, volunteers, partners, and staff. We are deeply grateful for your commitment to the Foundation and to our shared vision to make Oxford better.

Back Row: Barry Hunt, Earl Shea, Len Reeves, George Klosler, Doug Eckel, Ken Whiteford
Front Row: Kelly Gilson, Pat Smith, Joan Bartlett, Rosemary George, Janet Stephens

It is our pleasure to present to you the Foundation's 2023 Annual Report. In 2023, the Foundation granted \$546,524 to 40 community partners and 18 students pursuing post-secondary education or an apprenticeship program.

The Foundation received \$518,805 in donations. Several fundholders increased the granting power of existing funds and one new fund was established. The Woodstock Chamber of Commerce established a fund with the purpose of providing grants each year for education and support for small businesses and initiatives that build a stronger community.

Thanks to your ongoing support, your community foundation continues to make a meaningful and lasting impact on those who live, work, and play in this place we call home. As you page through this report, you will see the impact of your generosity.

The present board of directors carries forward the visionary work initiated by our founders. We thank four directors who have completed their terms or have stepped down; Neil Dolson, Rosemarie George, Don Hilborn and Bill Mackesy. They served the Foundation extremely well and will be missed. We welcome four new great additions to the Board; Izabela Bielaska, Jamie Forrest, Barry Foster, and Alan Taylor.

As we look ahead to the future, we know there are more opportunities and challenges to be addressed. That is why the Board and staff are actively working to build the Foundation's permanent endowment funds. Our goal is to have \$10 million in permanent endowment funds by 2029. We know it's ambitious and we know our community deserves it.

Thank you for your continued support and for being a vital part of the Foundation's success.

COMMUNITY IMPACT

The Oxford Community Foundation (OCF) is deeply committed to our local community and has granted almost 2 million to more than 115 local charitable organizations. In 2023 alone, the Foundation granted \$546,524 to 40 community partners and 18 students pursuing post-secondary education or an apprenticeship program.

Local funds provide an opportunity for donors to ensure their gift stays local. \$128,404 was granted from 34 local funds. Along with keeping money in Oxford for Oxford through these local funds, OCF brings new money to Oxford. In 2023, the Foundation brought in \$392,000 in partnership with the Community Foundations of Canada and the Government of Canada's Community Services Recovery Fund. The Fund supported one-time projects that invest in the systems and processes involved in creating the internal workings of an organization's overall efficient and effective structure. Quite simply, these grants helped 12 local organizations improve the way they do their work. Additionally, \$26,120 was granted through the Maple Leaf Community Fund in honour of Harvey and Erma Beaty in support of the capital-related needs of food security programs that promote dignity and build individual and community capacity.

It is a privilege for us to support community-driven projects across all aspects of our community and across our entire county through these grant programs. We hope the stories of community impact in the following pages inspire you.

COMMUNITY & SOCIAL SERVICES

COMMUNITY OPTIONS FOR JUSTICE OXFORD

\$39,250 from the **Community Services Recovery Fund** funded health and safety infection control consultation and policy development. The organization's non-residential, justice-based programs are aimed at addressing the needs and providing crucial counselling services of youth and adults who are referenced or are seeking support.

HELPING HAND FOOD BANK

Grants of \$1,100 from the **William & Mary Mackesy Community Fund** and \$1,308 from the **Builders & Founders Funds** supported transportation services for food bank users, mostly seniors, who lack access to transportation after receiving food and food-related products at the food bank. Residents make their way to the food bank by walking, public transportation, or biking. The food bank collaborates with a local taxi company to drive them home, with taxi drivers going above and beyond to assist them in handling the grocery bags, showing a great spirit of cooperation and support within the community. Food-bank users have access to essential food regardless of physical limitations and weather conditions.

DOMESTIC ABUSE SERVICES OXFORD

\$6,500 from the **Maple Leaf Community Fund honouring Harvey and Erma Beaty** enabled DASO to enhance its Nurtured Families program, which provides essential life skills and teaching moments to service users and their children. The grant was used to purchase two upright freezers, which will support the program's focus on teaching children basic nutrition knowledge and skills.

SOUTHWESTERN PUBLIC HEALTH

\$400 from the **Maple Leaf Community Fund honouring Harvey and Erma Beaty** enabled the purchase of supplies for a thriving tower garden at Winchester Public School in Woodstock. The project will continue, with the kids responsible for every stage of the process, from planting seeds to harvesting and creating salads. This hands-on experience is not only a fun and educational activity, but also a great way for the kids to learn about sustainability and the importance of healthy eating.

MULTI-SERVICE CENTRE TILLSONBURG

\$1,000 from the **Alabastine-Wilkinson Family Fund**, \$138 from the **Dolson Family Fund** and \$350 from the **Doug & Yvonne Eckel Fund**, was used to organize social gatherings, like Christmas and Valentine's Day celebrations, creating a welcoming and engaging community for seniors, promoting inclusiveness and independence and also providing a space to connect over a coffee and have a good time. The Centre also received grants of \$421 from the **Maple Leaf Community Fund honouring Harvey and Erma Beaty** for hard shell containers for their Meals on Wheels program, and \$15,295 from the **Community Services Recovery Fund** to implement a Human Resources Information System.

VON ONTARIO STUDENT NUTRITION PROGRAM

\$5,000 from the **William & Mary Mackesy Community Fund** and \$11,000 from the **Maple Leaf Community Fund honouring Harvey and Erma Beaty** was used to buy 3 industrial dishwashers for the St. Michael's Catholic School, the Winchester Street Public School in Woodstock, and the Thamesford Public School in Thamesford. "Our new dishwashing sanitizer has been a game-changer for our healthy snack program. It not only saves us valuable time but also reduces costs associated with individual wrapping, aligning seamlessly with our commitment to safe food handling standards, ensuring the well-being of the children and staff we serve" said Brandi Z. lead volunteer for Thamesford Public School's Student Nutrition Program.

MORE COMMUNITY & SOCIAL SERVICES GRANTS:

- \$17,315 to **Big Brothers Big Sisters Oxford** from **Community Services Recovery Fund** for tablets and conference system to support virtual meetings and training.
- \$54,250 to **Community Living Tillsonburg** from **Community Services Recover Fund** to support the development of their new Strategic and Operational Plans.
- \$6,800 from **Operation Sharing Fund** and \$1,000 from **Stevens Fund** to **Operation Sharing**.
- \$42,450 to **Social Planning Council Oxford** from the **Community Services Recovery Fund** for Strategic and Communications Plans.
- \$14,995 to **Stonebridge Community Services** from the **Community Services Recovery Fund** for a Human Resources Consultation and Strategic Plan.
- \$3,500 to **United Way Oxford** from **Dennis & Joan Vollmershausen Family Fund** to support their annual campaign.
- \$39,250 to **Victim Assistance Services of Oxford** from the **Community Services Recovery Fund** for updates of website, policies, procedures, and by-laws.
- \$45,000 to **Women's Employment Resource Centre** from the **Community Services Recovery Fund** for a Community Needs Assessment and Strategic Plan.

ARTS CULTURE & HERITAGE

DRUMBO & DISTRICT HISTORICAL SOCIETY

The Drumbo & District Historical Society embarked on an exciting venture: crafting a virtual archive of Drumbo's rich history, seamlessly accessible from any corner of the globe through the PastPerfect Museum Software. \$2,700 from the **B & R George Cultural Fund** enabled them to successfully transfer their existing collection database to the new software, saving countless hours of manual data entry.

ZORRA CALEDONIAN SOCIETY

The Zorra Caledonian Society who have been host to Ontario's oldest Highland Games received a grant of \$20,000 from **Community Services Recovery Fund** for E-Commerce website and technology to support hybrid work.

WOODSTOCK MUSEUM NATIONAL HISTORIC SITE

\$500 from the **Ross & Fran McElroy Fund** was used for the Museum's "Christmas Home Tour — Historic Interpretation and Drama" project, which engaged grade 7/8 students in learning about local history through hands-on research and public speaking.

MORE ARTS, CULTURE & HERITAGE GRANTS:

- \$14,650 to the **Ingersoll Creative Arts Centre** from **Community Services Recovery Fund** for a Community Awareness Campaign.
- \$21,500 to **K2K Productions** from the **Dennis & Joan Vollmershausen Family Fund**
- \$75,000 to the **Woodstock Little Theatre** from **Community Services Recovery Fund** for digital "no touch" signage and technology upgrade to facilitate remote work.

HEALTH & WELLNESS

UNITED WAY OXFORD

\$1,500 from the **Woodstock Chamber of Commerce Community Fund** and \$2,000 from the **Tyler Arts Legacy Fund** providing free safeTALK training for volunteers supporting youth. Participants learned how to reach out to someone thinking about suicide and help them keep safe by promptly connecting them to further support.

WOODSTOCK YMCA

With more than half of Y members facing financial barriers, grants of \$150 from the **Joland Family Fund**, \$655 from the **Ken & Lynda Whiteford Fund**, and \$2,523 from the **Canada Summer Games Fund** provides access to the Woodstock YMCA to 32 family members, giving them a chance to grow in self-esteem and resilience, connect with others, and improve their health and well-being — regardless of financial hardship. Additional grants of \$600 from the **Alabastine Wilkinson Fund** in memory of **Jim Anderson** and \$500 From the **Norwich Fund** supported subsidized memberships for Norwich residents. Access to the YMCA means that all family members have a place to grow together, a space that promotes healthy living and encourages people to live their best lives. One Oxford County citizen described her experience: “The Y Financial subsidy program helped us when we needed it. I was starting a new job, and I needed assistance with childcare for my two kids. The YMCA day camps were fun, and my kids loved them. Best of all, funding helped us out, and we are grateful.”

ALZHEIMER SOCIETY SOUTHWESTERN PARTNERS

\$5,300 from the **Dennis & Joan Family Vollmershausen Fund** supported *The Social*, a program with individuals with early to mid-stage Alzheimer’s disease or other dementias. *The Social* offers an opportunity for weekly engagement, stimulation, and socialization for the attending client, while also offering care partner consistent weekly respite time. The group activities offered are focused on stimulating the six domains of well-being which include: cognitive, emotional, social, spiritual, vocational, and physical.

MORE HEALTH & WELLNESS GRANTS:

- \$1,300 from **Dennis & Joan Vollmershausen Family Fund** to **VON Sakura House**
- \$300 from **Builders Fund** to **ALS Society of Canada**

EDUCATION & STUDENTS AWARDS

UNITED WAY OXFORD

\$1,800 from **Lessif Family Fund** and \$500 from the **Dennis & Joan Vollmerhausen Family Fund** supported the Supplies4Students program which provides financial assistance to families in need. By giving each student a gift card to shop locally, the program is supporting individual students. In 2023, the program supported 647 families, which is equivalent to 1,316 students.

OXFORD MANUFACTURERS FOR SKILLS DEVELOPMENT BURSARY

The award honors students who excel in both technical and practical skills, particularly in mechanical or applied areas, while also demonstrating their commitment to their community and school through involvement and participation. **Samantha Deciantis** from St. Mary's Catholic High School and **Blake Manchester** from College Ave Secondary School were each awarded \$1,500.

JOLAND FAMILY FUND BURSARY

The bursary is designed to support a female student living on a working farm who is passionate about her work, demonstrates a strong motivation to succeed and is a positive influence on others. **Emily Lupton** from Huron Park Secondary School, received the \$220 award.

TYLER ARTS "ATHLETIC" SPIRIT AWARDS

Two Ingersoll District Collegiate Institute (IDCI) athletes, one male and one female, are awarded for their selfless play and leadership on and off the court, field, or rink. **Jayla Lamers** and **Adam Van Dyk** both receive \$500 for their achievements. Coaches commented about Adam: "He was our Tyler this year — always positive, always looking for a way to push through an adverse situation — no complaints — looking out for his team-mates — always bringing the team together. As a more inexperienced player new to a sport, he was always positive, willing to be the guy to grab equipment, carry a bag or cooler" because he has truly embraced the value of being a team and he knows the little things matter."

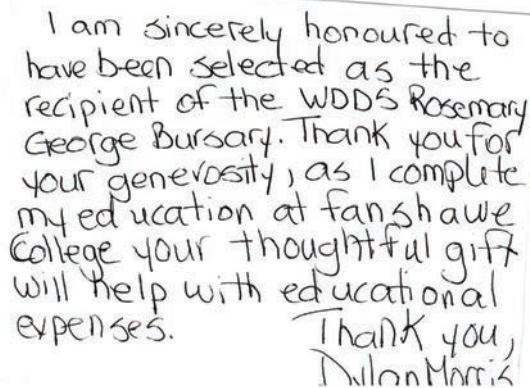

PAT & BARRY SMITH BURSARY

Jaelyn Fleet from Glendale High School and **Sophia Vivieros** from St. Mary's Catholic High School received a bursary of \$1,000 each recognizing them for their leadership skills and community involvement.

LORNA & GEORGE ROBERTS BURSARY

Each year a bursary is awarded to a student who excels in leadership skills and who is furthering their education at either the Ontario Agricultural College at the University of Guelph and/or Department of Family Relations and Applied Nutrition in the College of Social & Applied Human Sciences at the University of Guelph. **Samantha DeBruyn** from St. Mary's Catholic High School is pursuing her BScn. Agriculture at University of Guelph and received a \$1,800 bursary.

WDDS ROSEMARY GEORGE BURSARY

I am sincerely honoured to have been selected as the recipient of the WDDS Rosemary George Bursary. Thank you for your generosity, as I complete my education at Fanshawe College your thoughtful gift will help with educational expenses.
Thank you,
Dylan Morris

Dylan Morris from St. Mary's received a bursary of \$500, an award presented to a student enrolled into the Developmental Services Worker program (DSW) who is recognized for their potential and for their contribution to services for people with developmental disabilities. Dylan has a long history of volunteerism with students with special needs.

THE HAWKINS MEMORIAL FUND

This fund was established in memory of a beloved family, lost to carbon monoxide poisoning, who was "always ready, willing, and able to help those in need and could often be found volunteering with big, welcoming grins on their faces". Three students are recognized each year for their community involvement, respect for others and moral courage. **Matthew Molnar** from IDCI awarded \$250 from the Laurie Hawkins Memorial Award. **Olivia Commisso** from St. Mary's Catholic High School awarded \$250 from the Cassandra Hawkins Memorial Award and **Matthew Polidori** from St. Michael's Catholic School awarded \$50 from the Jordan Hawkins Memorial Award.

CHILDREN'S AID SOCIETY OXFORD AGENCY ENDOWED FUND

Each year bursaries from the Fund help kids in care pursue their post-secondary education. In 2023, six students were awarded bursaries of \$2,000 each. An additional \$5,000 was used for CAS tutoring program to supply books, workbooks and supplies.

MORE EDUCATION GRANTS:

- \$100 from **Joland Family Fund** to **Grand Erie District School Board** to help maintain archives.
- \$2,500 from **Dennis & Joan Vollmershausen Family Fund** to **English Language in China, Canada**.
- \$5,000 from **William & Mary Mackesy Community Fund** to **Strong Start** for their Letters, Sounds and Words program.
- \$1,200 from **Dennis & Joan Vollmershausen Family Fund** to **Thames Valley Education Foundation** for W.A. Magill Scholarship
- \$1,000 from **Ken & Lynda Whiteford Fund** to **Woodstock Public Library** for STEAM Device collection supporting library programming and learning that highlights Science, Tech, Engineering, Arts & Math.

ENVIRONMENT

NAVY LEAGUE WOODSTOCK

The Navy League Woodstock provides young individuals with a unique opportunity to develop valuable skills that prepare them for adulthood. Through their training, they learn important values such as teamwork, problem-solving, and effective communication, which are essential for success in their personal and professional lives. Grants of \$1,000 from **Stevens Fund** and \$300 from the **Oxford Environmental Fund** were instrumental in replacing two boats that are critical to their programs, enabling them to continue providing a safe and effective environment for the kids to learn and grow.

UPPER THAMES RIVER CONSERVATION AUTHORITY

Nestled in Thamesford, the Lions River Park stands as a testament to conservation efforts and community engagement. Thanks to a generous \$2,000 grant from the **Stevens Fund**, the park now had two stairs made of stone steps that offer free and safe access to the Thames River. This initiative enhances outdoor recreation in the area, especially for fishing enthusiasts while maintaining its natural beauty.

SPORTS & RECREATION

ZORRA TOWNSHIP

Thanks to a grant of \$2,143 from the **Thamesford Lawn Bowling Club Fund**, Zorra Township welcomed over 2,000 residents to their free public skating during the 2024-2025 season. Not all families can afford these sports and this grant helped make skating accessible and helped foster a sense of community and belonging.

STEM CAMP

\$14,475 from the **Community Services Recovery Fund** is helping to fund a recruitment website for STEM Camp which inspires youth through participation in hands-on activities in the areas of science, technology, engineering, and mathematics.

WOODSTOCK MINOR HOCKEY LEAGUE

With \$500 from the **Dennis & Joan Vollmershausen Family Fund** and \$450 from the **Hawkins Family Memorial Fund**, the Woodstock Minor Hockey League was able to purchase youth hockey helmets and cages. These helmets are used as part of a "Just Try It" program. The League provides the necessary equipment for the kids to try the game of hockey free of charge. Those kids who end up registering to play minor hockey for the following season are then given the equipment, free of charge, to keep.

GRANTS IN OTHER CATEGORIES

- \$390 from **Dr. Patricia Brown Memorial Fund** to **Knox Presbyterian Church**
- \$100 from **Joland Family Fund** to **Lyndoch Evergreen Cemetery**
- \$5,000 from **Thamesford Lawn Bowling Club Fund** to **Thamesford Lions Club**
- \$20,000 from **Dennis & Joan Vollmershausen Family Fund** to **Innerkip Presbyterian Church**
- \$200 from **Dennis & Joan Vollmershausen Family Fund** to **Youth for Christ**
- \$200 from **Dennis & Joan Vollmershausen Family Fund** to **Youth Unlimited YFC Woodstock**
- \$500 to **College Avenue United Church** from **Dennis & Joan Vollmershausen Family Fund**.

THE HEROES AMONG US

The Heroes Among Us Fund was established in 2019. It was inspired by the thousands of selfless, caring actions carried out every day by ordinary people making Oxford a better place.

Make a donation and nominate your hero. Our unsung heroes will live on forever through ongoing annual community grants from the Heroes Among Us Fund.

WE REMEMBER OUR HEROES:

Jeff Brooks for being a loyal, supportive friend and mentor

Teun DeBeer for never giving up and his passionate for the dairy industry

Eleanor Elliott for being a kind and caring neighbour and friend

Dale Fanset for smiling and laughing often, for spreading comfort and joy

Sam Horton for being an inspiration and an instigator of good things

Deb Landon for unconditionally sharing her caring heart and great warm smile

Jean Elizabeth Matheson for her positive attitude and being an inspiration

Janet Mazerolle for helping so many find joy and possibility in our lives

Robert M. Matheson for his generosity to community and family

Claude Normandeau for his devotion to his beloved family and city of Montreal

Eleanore Wardrop for her kindness, positivity and amazing raspberry tarts

Steve Zehr for living the philosophy of "Kindness always wins"

WE ARE PROUD TO SHARE THE STORY OF OUR NEWEST HEROES:

LARRY BALKWILL

Larry, a lifelong resident of Oxford County, dedicated his career to serving its agriculture industry. His community spirit shines through his 50-year tenure as a Past President and member of the Drumbo Lion's Club. For over three decades, he has entertained at church and community events, lending his voice to Barbershop Quartets and the Drumbo Men's Choir, where he currently serves as Director. Larry's enduring commitment paints him as a true hero, leaving a lasting impact on Oxford.

KAREN SAMPLE

Karen is a community-minded individual and resides north of Embro. She has been a valued member of the board and as a volunteer with Oxford Community Foundation. She not only conceived but also funded the Hero's Among Us Fund, reflecting her visionary spirit and commitment to making a difference in the lives around her.

2023 OXFORD COUNTY WARDEN'S CHARITY GOLF TOURNAMENT

THANK YOU FOR SUPPORTING OXFORD COMMUNITY FOUNDATION AT THE 2023 OXFORD COUNTY WARDEN'S CHARITY GOLF TOURNAMENT HELD AT INGERSOLL GOLF COURSE.

Without tournament sponsors, golfers and generous contributors, the Foundation would not be able to accomplish everything that we do. The tournament is our major fundraiser and you helped raise over **\$35,000** to support OCF operations. These funds help make it possible for us to distribute grants, for all the initiatives you are reading about in this report. You help us keep money in Oxford and you help us bring new money to Oxford. You help make Oxford a better place for all, now and forever.

Immense gratitude to all sponsors. Your support and that of the many volunteers who helped make this day a success is sincerely appreciated. Major sponsors are shown below.

CREATE YOUR LEGACY FUND

At Oxford Community Foundation (OCF), we often meet with people who have questions about how they can leave a lasting gift to their community. What do I want my legacy to be? How can I make a difference in my community? How can I make sure that the charity I care about receives ongoing support? As individuals and families pose these questions, many times there is a shared sentiment — the desire to give back to the community that has given them so much.

Through fund options listed below, OCF helps people leave a personalized legacy in Oxford County, to make it a better place. Funds can be permanently endowed or designed for immediate or specific time period impact. The Foundation will assist you in creating a fund that meets your timelines and provides you with your desired degree of impact and involvement.

NEW FUND

In 2023, we were honoured to support the **Woodstock Chamber of Commerce** in establishing a community fund from money accumulated over time through the hard work of their Board and General Manager, careful fiscal management, volunteer event support and a recovery of funds. The Chamber Board felt strongly that these funds should be used for ongoing and long-term community support. Grants from the **Woodstock Chamber of Commerce Community Fund** will support one or more of four community building pillars:

1. education for small business, will directly impact the ability of small businesses to grow and learn new business skills,
2. mental health supports or workshops, will help both businesses and our greater community,
3. creation or enhancement of public spaces, will reinforce the pride our community takes in Woodstock, or
4. support a broad range of initiatives that build a stronger Woodstock community.

REMEMBERING A FUNDHOLDER

On May 7, 2023, in her 84th year, Lorna Roberts (nee Thompson) passed away peacefully. Lorna radiated joy with her infectious smile, embodying positivity and unwavering support for others. Family meant the world to her, and she delighted in discussing her children and grandchildren, her face glowed with pride. She had a quiet and clever way of letting her husband George know when she thought he was embellishing a story. In 2013, George & Lorna Roberts established a fund with Oxford Community Foundation. Lorna's legacy will be remembered each year with a bursary of \$2,000 awarded to an Oxford County student exploring post secondary education at the University of Guelph in either agriculture or family and social studies.

2023 FINANCIAL & INVESTMENT HIGHLIGHTS

WE ARE COMMITTED TO TRANSPARENCY AND ACCOUNTABILITY.

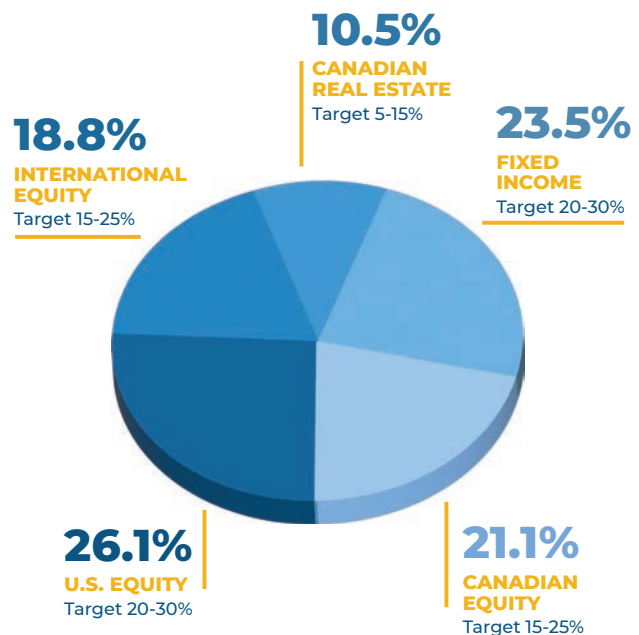

We publish audited financial statements and solicit feedback regularly on our work from our donors and community partners. Our financial statements were prepared by MW&CO. Copies are available by contacting the office at info@oxfordcommunityfoundation.org or 226-667-6404.

Our stakeholders can depend on us to be professional stewards of gifts received. Donor gifts are pooled and investment management is provided by the London Community Foundation. This arrangement helps us maximize growth and minimize costs. The relationship is re-evaluated annually by OCF's Finance and Investment Committee.

The Foundation's investment program is focused on generating returns that allow OCF to meet granting objectives, recover operating costs, protect the purchasing power of the capital, and establish a reserve to protect against potential market declines.

ASSET ALLOCATION OF THE INVESTMENT FUND

OCF is a long-term investor and believes the asset mix, ensures we can continue to impact our community in a positive and meaningful way.

TOTAL AMOUNT GRANTED IN 2023: \$546,524

SUMMARY OF STATEMENT OF OPERATIONS AND FUND BALANCES

Year Ended December 31, 2023

OCF continues to be focused on sound management and strong governance. Operating costs as a percentage of average asset value has been commonly used by community foundations as an indicator of efficiency. In 2023, staff expenses were temporarily increased to support the distribution of the \$392,000 Government of Canada's Community Service Recovery Fund program. An honorarium of \$44,000 was received to manage the program. OCF continues to meet the benchmark for foundations of similar asset size.

Recommendation:

That Report FC-24-19 is received as information.

Background:

To provide Council with an update regarding the activities of the Protective Services Department, for the month of August 2024.

Analysis/Discussion:

Meetings, Courses and Training Attended:

- Drumbo renovations are continuing with stage one currently underway, this stage involves the moving the training room and kitchenette upstairs. Staff has a goal of finishing the upstairs so the firefighters have a training room prior to the renovations on the main level.
- Our RFSOC chiefs meeting for the month of August was centered around the transition to the RTC model and how courses will be presented. As presented to council, our recruit program will still be rolled out in the same manner as past years. A draft calendar was created so it can be included in information packages for upcoming recruitment.
- Staff attended the combined Plattsville/Bright practice in August. Hose advancement and deployment was the key learning objective for this practice. Our trainers have been working hard to have practice plans in place where all in attendance understand what the outcomes of the practice are and how they will achieve this.
- The RFSOC chiefs conducted interviews to fill the vacant Fire Prevention Officer position. I am pleased to announce that Paige Ford has accepted this position and will start on September 23rd. As EZT is the host for this position, Paige will start there and complete the HR training prior to starting the rotation throughout the five Townships.

Fire:

- 32 burn permits were issued in August 2024
- August 2024 monthly fire calls with annual comparisons (included)

August Fire Reports:

CEMC – August 2024

- Attended Virtual weather briefing for August weather incident
- Fire Chief completed tour of township for damage following recent tornado event
- Monitored social media outlets for incidents following tornado

Reviewed By:	Josh Brick	Date:	September 10, 2024
Subject:	Bridge 38 Deck	Council Meeting Date:	September 18, 2024
Report #:	PW-24-21		

Recommendation:

That Report PW-24-21 be received for information; and,

That Council accepts the tender bid submitted by VanDriel Excavating Inc. of Clinton ON. for the amount of \$544,325.32 plus HST; and further,

That Council directs staff to provide options for increasing Public Works Reserve contributions for consideration during 2025 Budget Deliberations.

Background:

Township Bridge 38 is located on Township Road 5 between the Oxford-Brant Road and Blenheim Road spanning over the Nith river. Bridge 38 was built in 1970 and has had no work done to it since, other than regular maintenance. All bridges are provincially mandated to be inspected every 2 years using the Ontario Structure Inspection Manual (OSIM) as the guide. The OSIM report in 2021 & 2023 suggested that a deck rehab be done to bridge 38. This work has been identified in our 10-year plan and was scheduled to be completed in the 2024 Capital budget.

Analysis/Discussion:

Township staff has been working with KSmart engineering during this process as they have a working knowledge of the bridge and have also conducted the OSIM reports. As the bridge deck is now over 50 years old a bridge deck analysis was conducted to give the Township and KSmart a more in-depth report on the condition and to quantify the repairs required. Where the OSIM report is more a visual inspection, the deck analysis drills down into the concrete to see the quality of the concrete and steel below. The deck analysis being the more in-depth study also showed that more work is needed for the deck rehab than what was first budgeted.

The tender was structured to include the work that is required for the rehab. The Township received 7 bids.

The list of all bid results, from low to high, are: Contractor	City	Total Bid (not including HST)
VanDriel Excavating Inc.	Clinton	\$544,325.32
Clearwater Structures Inc.	Bowmanville	\$597,389.00
McLean Taylor Construction Limited	St. Marys	\$606,585.34
2585284 Ontario Inc. o/a Beton	Stoney Creek	\$769,369.00
HugoMB Contracting Inc.	Milton	\$902,972.25
Lancoa Contracting Inc.	Erin	\$920,590.81
Sierra Bridge Inc.	Woodstock	\$935,669.00

KSmart has reviewed the tender bids and has found them to be complete and that the pricing is competitive with todays market. The VanDriel Excavating Inc. bid is the low submission and is the recommended contractor to be awarded the contract.

Financial Considerations:

The 2024 Capital budget has \$125,000.00 approved for this work. This included some minor concrete repair, a water proofing surface and an asphalt top.

The Deck analysis report shows that the concrete work is more extensive and recommends some steel reinforcement be added in the concrete, that new expansion joints on each end of the structure be placed, waterproof the deck and place asphalt as the top. This work will extend the life of the bridge and ensure that with regular maintenance more costly repairs will not be required in the future.

VanDriel Excavating Inc tender price \$544,325.32

Addition capital funding required for the project \$419,325.32

The additional work and the cost of this project has changed since the initial budget was approved earlier this year. This work will still need to be done regardless.

Currently there are sufficient funds in the Public Works Reserve to undertake recommended project works for Bridge 38 in 2024; however, this increased expenditure could delay other scheduled 2025 projects that are to be funded from the same reserve. Specifically, there is \$2.3M in scheduled works to be funded from the Public Works Reserve in 2025, including the Township portion of the replacement of Bridge 24 to which the Township is already committed. Council has the ability to mitigate future project delays through increasing contributions to the Public Works Reserve. The recommendation in this report includes a provision that would direct staff to explore options for increased contributions to the Public Works Reserve. These options would be presented within 2025 Budget Deliberations.

If council wishes to postpone this project, it will have little to no effect on the usefulness of the bridge in the short term. However, there is a good probability that the cost of the repairs will increase from the tendered price as pricing changes from year to year. Council also needs to understand that the longer the project is pushed off the quantity of the repairs may also change.

Although cost is significantly higher than budgeted, staff and KSmart have done their due diligence to ensure the necessity of the work and that after the repairs are completed bridge 38 will be fully functional for many years with limited future repair costs.

Therefore, staff is recommending awarding the contract to VanDriel Excavating Inc.

Capital

- Princeton Pond Expansion project – Construction is moving well on the Van Wees Pond; the main pond is at depth and they are working on side slopes for the plantings by Ducks Unlimited.
- Princeton phase 3 (North section) – Viewcon has completed the base asphalt, sidewalks and curbs along Gissing, McQueen and Cowen streets. Work is currently taking place on Main Street and Roper Street. There have been a few delays, a culvert on Roper Street failed and needed to be replaced and there was a section of peat that was found along Main Street. This section required some structures to be relocated and some extra engineering to get the piping through the peat.
- Bridge 24 EA – The EA reports are completed; we are compiling the comments that were received back and formulating responses. The next steps are to complete the drawings and have a public meeting.

County Shared Service/Road Association/Training

- Shared Services meeting – The service sharing committee will meet again in September.
- Road Association – With summer holidays and the busy construction season our next meetings for the Trade Show committee and the OCRSA are scheduled in September.
- AORS – The fall suppliers meeting and Board of directors meeting is scheduled for September 12 & 13.

Other

- The month of August has continued to be a weather rollercoaster. Rain, high winds, cool temperatures or high humidity! Staff has been working on adding fill to King Road from Princeton to help mitigate flooding on King Rd. Roadside grass cutting is being done, pot holes being filled and regular maintenance activities. We said goodbye to Matthew and Ryan our summer employees, both did great work in the department.
- Reviewing EA documents for Bridge 24
- Attending by-weekly meetings about the Princeton project
- Working on approving road permits that would allow Xplornet to use the Township right of way to run fibreoptic cable in the Township.
- Work with supplier on future equipment purchases.
- Working with MESH and the Drainage Superintendent to add asset management programs to our road patrol and winter patrol program.
- Working with the Drainage Superintendent on finding suitable dump sites for the excess soil from the Princeton Drain project.
- Working with KSmart and Drainage Superintendent on the next phases of the Princeton project.
- Staff is continuing to meet with land owners at outdoor sites to discuss ditch or road issues.

Subject:	Purple Bench - DART	Council Meeting Date:	September 18, 2024
Report #:	CS-24-13		

Recommendation:

That Report CS-24-13 be received as information.

Background:

Two councillors were recently made aware of the Purple Bench program through the Domestic Abuse Resource Team (DART-Oxford). After discussions among council, staff, and other stakeholders, a plan was developed to install this bench in Drumbo Park, a high-traffic area ideal for raising awareness.

Since 2015, a memorial project has been underway to honor Barbara Baillie from Spryfield, Nova Scotia, who tragically lost her life at the hands of her abusive husband after years of suffering. This project aims to raise awareness about gender-based violence by installing benches featuring plaques with emergency contact information for individuals experiencing domestic violence.

Analysis/ Discussion:

The council has informed the Domestic Abuse Resource Team that Drumbo Park, specifically near the splash pad, has been selected as the location for the Purple Bench donation. This area was chosen not only because it is a high-traffic space, but also because a cement pad is already in place, allowing for the bench to be installed without any significant additional costs. The only expense involved will be the staff labor required to secure the bench in its designated spot.

Each bench will include a plaque with a QR code, which, when scanned, provides information on the history and meaning of the Purple Bench and its role in domestic abuse prevention.

The Domestic Abuse Resource Team has confirmed that the bench will be delivered around the middle of October. Once received, the Township will install the bench promptly near the splash pad. Following the installation, the Township plans to host a

community event to unveil the bench, raising awareness of domestic abuse resources and offering support to those in need. Council will be informed when this will all take place and staff hope they can attend.

DART-Oxford has secured a donor to purchase eight benches with plaques, with each bench costing approximately \$1,855 + HST. These benches serve as more than seating—they are a symbol of support and hope for those in need.

Request:

1. **Location Selection:** The bench will be placed in Drumbo Park, a high-traffic area near the splash pad, maximizing visibility and community awareness.
2. **Cement Pad Installation:** Since a cement pad is already in place, there will be no additional costs, except for staff labor to install the bench.
3. **Ongoing Maintenance:** Commit to maintaining the bench as part of the regular upkeep for municipal benches to ensure it remains a valuable community asset.

Additional Consideration: The splash pad location is particularly well-suited, not only due to the existing infrastructure (cement pad ready) but also because it is a high-traffic area frequented by families, children, and community members, ensuring that the message of domestic violence prevention reaches a wide audience. This version emphasizes the visibility of the location and why it's an excellent choice for raising awareness.

Images of the Purple Bench design are included on the next page of this report.

Recommendation:

That Report TR-24-13 and the 2025 Budget Survey Responses be received as information.

Background:

The Township once again participated in the County wide Budget Consultation Online Survey which began in June and ran through to the end of August. It was promoted through the Township and County websites, our Facebook page, local media and tax bill inserts.

Meaningful and effective public engagement improves the quality of decisions made, facilitates citizen understanding of issues and government process, fosters respect for the views of others and increases support, understanding and ownership of decisions made.

Analysis/Discussion:

There were 164 responses from the Township of Blandford-Blenheim, an increase of 125% from the last survey conducted in 2023. The full results of the survey are attached.

The survey illustrated how property taxes were allocated in 2024 and asked respondents to indicate whether the same services should be enhanced, maintained or reduced in the upcoming year. The large majority of respondents want to see all services maintained at current levels. When asked about the overall value received from Township tax dollars, 71.3% of respondents rated it Fair to Good.

Respondents were asked to identify their top three priorities in their community. The most common options chosen were: Infrastructure – Roads, bridges and stormwater (63), Active Living – Parks, trails and recreation (57), Affordable Housing (49), Safe Communities – Police (48) and Waste Management – Curbside collection (garbage and recycling) (47). Also receiving a significant number of votes was Infrastructure – Water and Wastewater (41).

Financial Considerations:

There is no direct financial impact to the current budget; however, survey results referenced in the report will be considered in determining the 2025 budget and tax levy.

For as much tax dollars that roads get roads...they should be much better maintained. The gravel roads (especially Township Rd 14) are the worst I have ever seen.

Screen Name Redacted

7/07/2024 02:29 PM

We live on a rural road that is not paved. We wish the township would tar & gravel our road or at least the section where there are houses. We could be contacting the works yard every week or 2 due to the potholes but instead have to drive from side to side on the road to avoid the potholes.

Taxes keep going up but my pension is locked in.we have to do with the funds we get and so should the town and county. Services like the brush drop off is ok if you keep the yard open. Why don,t you expand the existing yard with the room in the back so raxv payers and drop off more stuff.

County roads need a serious overhaul of who our contractors are and their accountability, hwy 2's resurfacing from 2023 and patches to new road in 2024 are a disgrace to contract accountability. We need to enhance development in our township and allow more homes and businesses to be built to generate more tax revenue. Township roads should all look to be paved in the future to minimize gravel maintenance costs.

Screen Name Redacted

With increased crime, vehicle thefts etc I would like to see increased police presence in our community. Presence can act as a deterrent and we do not have enough presence currently.

Cost of fire services is a concern. Appears anything they want.....they get. How many small municipalities have a Deputy Director of Fire Services? Leadership at Roads Department is a very serious concern. Nails in Granular "A" on rural roads and enormous stockpiles of excess fill at Princeton project is nothing less than a fiasco which no doubt will cost the taxpayer. Also, the excavation of the ponds by the local operators is certainly not cost effective and should have been included in the general contract issued.

Screen Name Redacted

7/28/2024 11:05 AM

Bright has huge drainage issues that need to be corrected. Homeowners are sick and tired of having to pay out of pocket to fix the issue causing property damage and safety issues.

Screen Name Redacted

7/28/2024 12:01 PM

The bigger centres get the money and smaller towns in the township get nothing for our dollars this need to change or council will be changing.

Screen Name Redacted

7/28/2024 05:12 PM

This issue pertains to the County level...Building permits for Bright should include a service charge to help pay for the Water project that is designated to start between 2029 and 2033. There are 17 homes approved, and more to come. These homes will strain the Bright system even more. Trucking water is not a good enough backup plan. Residents of Bright currently experience deficient water pressure; washing machines and dishwashers cannot run full cycles due to the weak water pressure. Residents also experience smelly water and brown water in Bright. (as recently as July 22, 2024)

Screen Name Redacted

7/28/2024 09:19 PM

Bylaw office is useless, building and drainage give lip service but that is the only kind of service you get from them.

TOWNSHIP OF BLANDFORD-BLENHEIM

Agenda Item

To:	Members of Council	From:	Josh Brick, CAO
Reviewed By:		Date:	September 12, 2024
Subject:	Severance Agreement	Council Meeting Date:	September 18, 2024
Report #:	CAO-37-24		

Recommendation:

That Report CAO-24-37 be received as information; and,

That Council authorizes staff to execute the Severance Agreement related to Severance Application B23-82-1.

Background:

On February 8, 2024, County of Oxford Land Division Committee granted application File No. B23-82-1. The Notice of Decision related to File No. B23-82-1 is attached to this report for information.

The County of Oxford Land Division Committee has the ability to place conditions upon an approved application. For File No. B23-82-1, one of the conditions stipulates that:

3. If required, the owners shall enter into a standard Severance Agreement with the Township of Blandford-Blenheim, to the satisfaction of the Township of Blandford-Blenheim.

The purpose of Report CAO 37-24 is to seek Council authorization to enter into a Severance Agreement with Ficzero & Sons Ltd. to satisfy the above noted condition of File No. B23-82-1.

Analysis/Discussion:

A draft Severance Agreement, which was prepared utilizing a County of Oxford template and reviewed by Township staff, is attached to this report for information.

Once approved by Council and executed, term (11) of the agreement states:

11. This agreement shall forthwith be registered on title to the said lands by the Owner's solicitor and at the Owner's cost as a first encumbrance prior to any mortgages or liens. The Owner's solicitor shall, at the expense of the Owners, but for the benefit and reliance of the Township provide the Township with a title opinion confirming this agreement is a first charge

on the said lands subject only to any municipal charges or other encumbrances accepted by the Township prior to registration of this agreement. The duplicate registered copy of the Document General, such title opinion, and one additional fully signed copy of the agreement will be forwarded to the Township Clerk within 15 days after the date of registration.

Finally, within the standard requirements outlined in the Severance Agreement, term (14) is worth noting. Specifically, it states:

14. The Owner agrees to satisfy the requirements, financial and otherwise, of the Township and County of Oxford Public Works Department, regarding the installation of water services. The Owner is advised that fees payable to the County of Oxford for water services will be required prior to the issuance of a building permit.

If Council is supportive of the Severance Agreement as presented, it will be executed and registered on title in accordance with term (11) in the Agreement.

Respectfully submitted by:

Josh Brick
Chief Administrative Officer

SEVERANCE AGREEMENT

This agreement made this 18th day of September 2024;

BETWEEN:

FICZERE & SONS LTD.

hereinafter called the "Owner(s)",

OF THE FIRST PART

- and -

THE CORPORATION OF THE TOWNSHIP OF BLANDFORD-BLENHEIM

hereinafter called the "Township",

OF THE SECOND PART

WHEREAS the Owners represent that they are the Owners of the lands described in the attached Notice herein called "the said lands" and has applied to the Land Division Committee of the County of Oxford for a division of the said lands in the Township of Blandford-Blenheim under the Planning Act, R.S.O. 1990, and amendments thereto.

AND WHEREAS the said lands are described as Part Lot 13, Concession 1 (Blenheim). The lands are located on the south side of Township Road 2, lying between Gobles road and Main Street North; Township of Blandford-Blenheim; County of Oxford. File no. B-23-82-1.

AND WHEREAS the Council of the Township of Blandford-Blenheim is of the opinion that such division of land is not proper and in the public interest unless the Owners agree to perform the covenants herein set forth.

NOW THEREFORE, in consideration of the premises, the division of land aforesaid, and the sum of ONE (\$1.00) DOLLAR paid by the Township to the Owners, the receipt whereof is hereby acknowledged, and other consideration, the parties hereto covenant and agree as follows:

1. (a) The Owners agree that no building will be erected and no building permit will be available on the said lands until site and elevation plans and grading and drainage plans have been approved by the Township.
- (b) Said site and elevation plans shall be in such detail as the Township requires and shall include:
 - (i) location of proposed buildings,
 - (ii) height of proposed buildings,
 - (iii) location of entrance and exits,
 - (iv) area and location of lands to be used for off- street parking and driveways,
 - (v) use of lands not covered or to be covered by buildings,
 - (vi) architectural elevations of proposed buildings,

(vii) in the case of residential buildings, the number and dimensions of each dwelling unit and the location of same in the buildings.

2. The Owners agree that building or buildings will be erected in accordance with the plans as approved, subject only to such changes as have received advance approval.

3. The Owners further agree that:

- (a) final grades and elevations will be established to the satisfaction of the Township;
- (b) all surface and roof drainage will be controlled on site and taken to an outlet approved by the Township;
- (c) all necessary provisions for service connects (water, electricity) on site will be made to the satisfaction of the Township, Hydro One Networks Inc. or the County of Oxford, as the case may be;
- (d) construction work will be carried forward expeditiously in a good and workmanlike manner, in accordance with good trade practice and so as to cause a minimum of nuisance;
- (e) all necessary precautions to avoid dust, noise and other nuisances and to provide for the public safety will, so far as possible, be taken to comply with the Construction Safety Act;
- (f) all necessary care will be taken to see that mud and soil is not tracked or spilled onto any public highway;
- (g) garbage disposal facilities will be located and designed in a manner satisfactory to the Township;
- (h) all parking lots will be paved with hot mix asphalt or concrete to the satisfaction of the Township;
- (i) driveways shall be constructed using good engineering practices to the satisfaction of the Township;
- (j) upon failure by the Owners to do any act that the public safety or convenience requires, in accordance with this agreement, on reasonable notice, the Township, in addition to any other remedy, may go in and do same at the Owner's expense and collect the cost in like manner as municipal taxes;
- (k) the Township may treat any breach of this agreement as a breach of the Building By-law and stop work until the breach is rectified;
- (l) nothing in this agreement constitutes waiver of the Owner's duty to comply with any by-law of the Corporation or any other law;

- (m) the Owners will convey to the Township without charge any easement required by the Township, County of Oxford, or by Hydro One Networks Inc.;
 - (n) the Owners will do all landscaping provided for in the approved plans.
4. The Owners agree that they will not call into question, directly or indirectly, in any proceedings whatsoever in law or in equity or before any administrative tribunal, the right of the Township to enter into this agreement and to enforce each and every term, covenant and condition herein contained and this agreement may be pleaded as an estoppel against the Owners in any case.
 5. The Owners charge the said lands with the performance of this agreement.
 6. So far as may be, the covenants of the Owners herein shall be restrictive covenants running with the land for the benefit of the adjoining lands of the Township or such of them as may be benefited thereby and shall be binding on the Owners, his heirs, executors, administrators, successors and assigns as owners and occupiers of the said lands from time to time.
 7. The Owners agree to grade the property in accordance with the approved grading plan and to maintain such grades, if required by the Township.
 8. Relevant Township provisions, as amended from time to time, respecting the conveyance of land or payment of cash in lieu thereof for park or other purposes shall be complied with prior to the issuance of any building permit under this agreement.
 9. The Owners agree on behalf of himself, his heirs, executors, administrators and assigns to save harmless and indemnify the Township from all losses, damages, costs, charges and expenses which may be claimed or recovered against the Township by any person or persons arising either directly or indirectly as a result of any action taken by the Owners pursuant to this agreement.
 10. The provisions of the Township Development Charges By-law, as amended and County of Oxford Development Charges By-law, as amended shall be complied with prior to the issuance of any building permit under this agreement. In the event that the Township or the County of Oxford amends its Development Charges By-law, the development charge shall be the prevailing charge as of the day of building permit application.

- 11. This agreement shall forthwith be registered on title to the said lands by the Owner's solicitor and at the Owner's cost as a first encumbrance prior to any mortgages or liens. The Owner's solicitor shall, at the expense of the Owners, but for the benefit and reliance of the Township provide the Township with a title opinion confirming this agreement is a first charge on the said lands subject only to any municipal charges or other encumbrances accepted by the Township prior to registration of this agreement. The duplicate registered copy of the Document General, such title opinion, and one additional fully signed copy of the agreement will be forwarded to the Township Clerk within 15 days after the date of registration.

- 12. The Owners shall construct and maintain designated fire route access for firefighters and firefighting vehicles in conformity with the approved site plan, if applicable.

- 13. This Agreement shall ensure to the benefit of and be binding upon the parties hereto, their respective successors and assigns.

- 14. The Owner agrees to satisfy the requirements, financial and otherwise, of the Township and County of Oxford Public Works Department, regarding the installation of water services. The Owner is advised that fees payable to the County of Oxford for water services will be required prior to issuance of a building permit.

THIS AGREEMENT shall ensure to the benefit of and be binding upon the parties hereto, their respective heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF the parties hereto have hereunto caused to be affixed their Corporate Seals under the hands of their respective signing officers in that behalf.

DRAFT

COUNTY OF OXFORD
LAND DIVISION COMMITTEE
NOTICE OF DECISION

Page 1

File No. B23-82-1

Owner: Ficzero & Sons Ltd.

In the case of an Application for Consent as made under Section 53 of the Planning Act, R.S.O., 1990, as amended:

The Severance Application has been requested to facilitate the creation of a new residential lot. The lot to be severed comprises approximately 1.7 ha (4.3 ac), is in agricultural production, and is currently vacant of any buildings or structures. The lot to be retained comprises approximately 22.2 ha (55 ac), is in agricultural production, and is currently vacant of any buildings or structures.

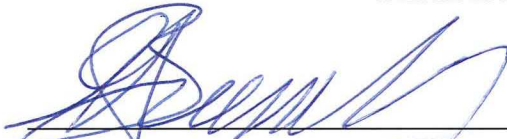

In addition to Severance Application B23-82-1, a Zone Change Application (ZN1-23-18) has also been received by Oxford County and the Township of Blandford-Blenheim. The Zone Change Application proposes to rezone the lot to be severed from 'General Agricultural Zone (A2)' to 'Residential Type 1 Zone (R1)' in order to facilitate a future residential use.

The subject lands are described as the Part Lot 13, Concession 1 (Blenheim). The lands are located on the south side of Township Road 2, lying between Gobles Road and Main Street North. The subject lands are currently not municipally addressed.

TOWNSHIP OF BLANDFORD-BLENHEIM

BY-LAW NUMBER 2451-2024

EXPLANATORY NOTE

The purpose of By-Law Number 2451-2024 is to rezone the severed lands of B24-18-1 from 'Residential Type 1 Zone (R1)' to 'Special Residential Type 2 Zone (R2-6)' and to rezone the retained lands of B24-18-1 from 'Residential Type 1 Zone (R1)' to 'Residential Type 2 Zone (R2).' The purpose of the zone change is to facilitate a semi-detached dwelling on both the lot to be severed and the lot to be retained. Special provisions are provided on the lot to be severed to reduce the required frontage and lot area for a semi-detached dwelling.

The subject lands are described as Lots 1 and 2 S of Powell St, Part Lot 5 W of Matheson St, Block C, Reg. Plan 199, Part 1, Ref Plan 41R-4752 Except Part 1, Plan 41R-9238, in the Township of Blandford-Blenheim. The lands are located at the southwest corner of Matheson Street and Powell Street, and are municipally known as 36 Matheson Street.

The Township of Blandford-Blenheim, after conducting the public hearing necessary to consider the application, adopted amending By-law Number 2451-2024. The public hearing was held on August 7, 2024 and Council considered relevant comments received from the public respecting this application.
